MELBOURNE CHAMBER OF COMMERCE

2021 MEMBERSHIP

The Melbourne Chamber is the premium membership of the state's largest and most influential business organisation, the Victorian Chamber of Commerce and Industry.

The essence of the Melbourne Chamber membership is connection. Connection for your business, connection for you and your leaders, connection to outstanding events and activities, and connection to Victoria.

Who are our members?

Our membership consists of the most remarkable Victorian businesses across sectors. Together, we get through the tough times, celebrate our triumphs and help each other move forward. It's all part of belonging to an exclusive group of innovative and driven businesses.

What our members say about us

The MCC offer is bespoke and we're very impressed with their advocacy at Victorian and Australian levels. They have been a fundamental voice for business this year with bushfires and the pandemic.
